Resurgam Angus – Welcome

Welcome to our Inaugural Yearling Angus Bull Sale

Over the past 20 years we have re-built a base of Pure New Zealand Maternal Genetics. These maternal genetics are renowned for their superior meat quality and easy doing ability. The cattle are great converters of lower quality grass to high quality beef; they maintain during feed shortages and will bounce back from lost weight quickly.

The base of the herd was derived from Maunu, Taurikura, Parakowhai, Waihihi and Ruru heifers and cows.

While establishing the Resurgam Angus herd we discovered the unique quality of Pure New Zealand Angus Cattle. These cattle have the attributes we believe are needed for New Zealand's grass based farming systems.

Our herd has grown over the past 20 years with our breeding programme aimed to preserve the unique qualities of the Pure NZ Angus cattle. It is our vision to produce moderate birth-weight calves, with strong maternal & paternal qualities, feed-efficient cattle with high meat quality. We seek longevity in our cows with easy fleshing in our herd and require minimum maintenance while working in a 100% grass based environment.

We have selected 23 bulls based on sound structural assessment, good temperament and they have spent their lives on true hill country so are fit. All have tested negative for BVD. They have been vaccinated for BVD and we are TB status C10. The bulls have been inspected by an accredited NZ Angus Association inspector and received an AA status bar one.

Conditions of Sale

The sale will be conducted in accordance with Conditions of sale as set down by the New Zealand Stock and Station Agents Association: A copy of which will be exhibited at the sale.

Health and Safety:

Please adhere to the Health and Safety Guidelines at the Matawhero Sale Yards.

Insurance:

We recommend purchasers insure their bulls with the auctioneer on sale day.

All Bulls in the Catalogue have been:

- Weighed, tagged and recorded at birth
- Vaccinated with Covexin 10 twice.
- BVD tested antigen clear.
- BVD vaccinated
- Copper injection
- B12 with Selenium injection

Exclusive Bull Cover

What is Exclusive Bull cover?

FMG has partnered with Angus NZ to offer comprehensive insurance cover from the fall of the hammer with this vendor. All bulls auctioned at this exclusive Angus NZ and FMG sale up to the value of \$50,000 will automatically be covered under FMG's Exclusive Bull cover for 14 days at no cost to the purchaser.

Length of cover

To extend cover for the specified bull beyond 14 days you need to tick Exclusive Bull cover 12 months on the Purchaser Instruction and Insurance Slip in this catalogue. The specified bull is then covered for the remaining period of 12 months. The premium is payable to FMG and is in addition to the purchase price of the bull.

Disclaimer

Please note this is only a summary of the product and is subject to our specific product documentation. For full details, you should refer to the policy document. You can get these documents, and any other information you need, from your FMG representative, by calling us or visiting our website.

If you require an alternative cover period talk to an FMG representative.

Your bull's value

Any bull covered under this policy must be purchased for \$50,000 or less.

For any bull purchased over \$50,000 talk to an FMG representative.

During the period of insurance, the specified animal is covered for:

- Death or infertility as a result of accident, disease or illness.
- Transit.
- Theft.

What we will pay

Fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.
